

“Where do the white people hang out?”  
- 6th Grade Student

# Segregation in Chicago Neighborhoods

Eric Fisher (2010)

The average Latino student attends a school that is 57% Latino; and the average African-American student attends a school that is nearly half African-American.

Segregation is still a serious issue

The average white student attends a school that is nearly three-fourths white.

Differences

# Challenge #3

## Segregation in Schools

“Why is it that it should be more common for students from **Iowa** to be connecting and learning with students from **India** than it should be for students from **Roxbury** to be connecting with their peers in **Brookline**?”

- Dean Jim Ryan

What opportunities are  
there for us to reach
